

Reliance Forest Fibre is involved in the manufacture and sales of woodfibre products

Reliance Forest Fibre is committed to pursuing responsible industry practices in quality performance and to comply with the wider community and Industry expectations.

Commitment to this policy will see the company:

1. Comply with all legislation, regulations, standards and codes of practice relevant to our business as a minimum.
2. Incorporate quality policy into the annual business plan to ensure management allocates resource to achieve our objects through measurement.
3. Communicating openly about our activities and report progress on our quality performance.
4. Only conduct our business with companies who have a commitment to responsible quality policies.
5. Demonstrate a clear commitment through our managers and employees.

Reliance Senior Management are committed to ensuring quality compliance and continuous improvement in the performance of all people who work for or supply the company with its needs and will allocate resources to meet this commitment.
